TRAINING: Training for both the theory and practical syllabus is delivered by Driving Standards Agency (DSA) qualified instructors who teach by the DSA guidelines. The 5DAY course is designed to give an average pupil an overall grounding on all the topics of the DSA learning to drive syllabus and to help a pupil achieve if possible DSA test standard by the end of the 5 Days. There is no guarantee implied written or otherwise that a pupil will get to the required standard to be able to pass a driving test as achieving this standard is entirely down to the pupils ability. For the avoidance of doubt the standard required is level 5 as published on the Driving Standards Agency website and the Agency's Drivers Record. In the case of non achievement further training options include lessons from a DSA approved instructor or private practice until such time that the required standard is achieved. 5DAY are not responsible for any further lessons agreed between the pupil and a 5DAY instructor, payment for such lessons are entirely the responsibility of the pupil and the instructor.

THEORY TEST: The course will include a pre booked official DSA Theory Test during the week. The date and time of this test will be given to you on the first day of attending the course and you are expected to abide by the terms and conditions of this test found at www.dsa.gov.uk. You are required by the DSA to take along your UK Provisional Driving Licence plastic card when attending for this test. **FREE THEORY RE-TRAINING:** Retraining is free to all and takes place at the 5DAY training centre. You may attend for unlimited days and use the facilities during office hours only

DRIVING TEST: A driving test is not supplied on course A or B, as application for such can only be made once a theory pass is obtained. If requested to do so, 5DAY will fast track a driving test to be 75% sooner than the national waiting list. The DSA do not supply a car for a driving test, however candidates may hire the school car for the test. The hire car is supplied without charge on the 1st test and every effort is made to supply the car that was used for training. There is no money back equivalent if the car is not used or required for the 1st test. In line with the industry norm we may refuse the use of the hire car where we feel that the driver poses a risk to the public and/or the hire car. In this event, where possible, we will give the driver enough notice so that he/she can either hire an alternative car or cancel the test without loss of fee.

MENTORING RETEST PROGRAMME: Should the candidate fail the driving test at the first or any successive attempts after completion of the 5Day course the candidate can enrol onto the retraining programme by submitting the Driving Test Report form (DL25) given to him/her after their driving test. The candidate must do this within 7 days of failing. Free remedial help to correct the errors identified as serious or dangerous by the examiner and as marked on the DL25 will be offered from the training centre, until either the candidate is happy to reapply for another test and / or the Mentoring instructor is satisfied that sufficient progress has been made and the errors fully corrected. To avail yourself of this offer you must have attended the course in full.

OFFERS: From time to time 5DAY may have special offers to promote it's courses and the terms and conditions of these offers/ promotions will be published on the companies web site

We will be happy to talk to parents or other third parties about your progress on the course but please note because of Data Protection we are not able to do this without your express written permission. These terms shall not limit the company's liability resulting from its negligence nor shall they affect any statutory rights, which you may have as a consumer.
